Easter Camp

At the Easter Camp of the Attica Botanical Park, nature comes to life and the fantastic adventures never end! Through games, explorations, and creative activities, children will discover the secrets of spring and create the most unique Easter crafts. A camp full of laughter, action, and spring vitality, where nature and Easter become an unforgettable experience!

The Park Team

The Camp program, which is a flexible framework that can be adapted to the dynamics of each individual group, is the result of collaboration between scientists and professionals from various fields: educators, environmentalists, agronomists, botanists, beekeepers, artists, writers, musicians, physical education instructors, and more.

Program of activities

Philosophy
Educational goals
Indicative program

The Camp's philosophy

The main goal of the Park Team is to create happy childhood memories for the children.

Beyond fun, emphasis is placed on building personal relationships, fostering an environment of acceptance, safety, and trust with the children and their families.

Educational Program

The program includes experiential and playful activities that enhance imagination and teamwork.

Through individual and group games, crafts with natural materials, and free play in nature, children have the opportunity to explore the environment in a creative and fun way.

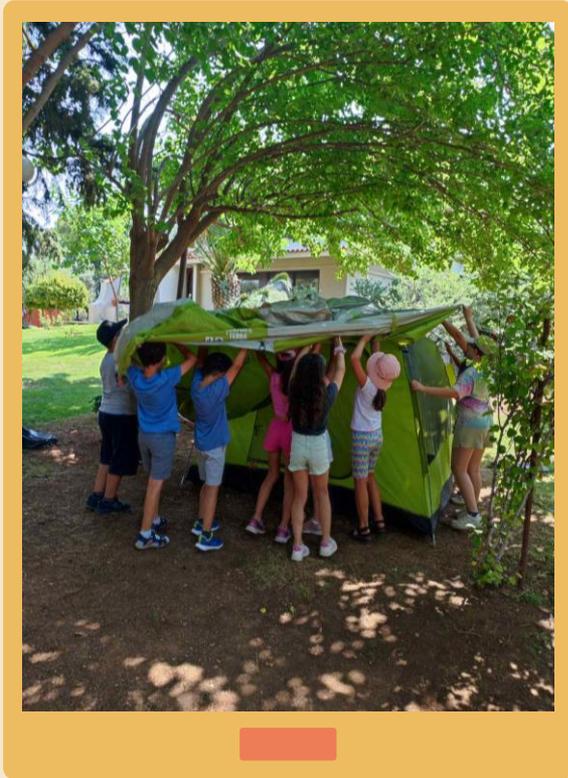

Connection with nature

At the Attica Botanical Park, we apply the biophilic concept, strengthening the experiential relationship of children with the natural environment. Through walks, observations, gardening tasks, insect searches, and games with natural materials, we offer children an experience that brings them closer to nature, even within the urban environment.

Camp life

The connection of children with nature is fundamental. At the Easter Camp, children experience a unique camping adventure by setting up their own tents in nature. Their free time takes on a new dimension as they relax, play, and engage in specially designed games that help them explore the surrounding environment.

Educational goals of the Camp

Through a rich program of activities, we expect the children to:

- ☀️ Connect with nature
- ☀️ Learn how to work as a team
- ☀️ Discover different aspects of themselves
- ☀️ Cultivate their imagination and creativity
- ☀️ Be challenged with new experiences
- ☀️ Activate their senses
- ☀️ Develop problem-solving skills
- ☀️ Develop social skills

Dining room
Meals
Indicative menu

Dining room

During the Easter Camp, the air-conditioned Elaida hall hosts the children's breakfast and lunch.

The children have the opportunity to create their meal by choosing from the day's buffet.

Meals

The menu has been carefully designed by the award-winning chef of ATENE Catering, Antonis Katsanevakis, selecting healthy, vitamin-rich foods that fully meet the children's needs for a balanced and proper diet.

The meals we offer to the children (breakfast, mid-morning snack and lunch) change daily to satisfy the children's preferences and give them the opportunity to discover new flavors.

Indicative menu

Breakfast

Bread, yellow cheese & turkey, butter, cake, honey, jam, tahini, juice

Mid-morning breakfast

- Banana and rice wafer
- Rusks with kasseri cheese
- Oatmeal cookies

All meals include salad, bread, and fruit, and once a week, dessert!

The meals are prepared by the partnering company
ATENE Catering

1st Day

Turkey burger with oven-baked potatoes

2nd Day

Penne pasta with tomato sauce and grated cheese

3rd Day

Peas with potatoes and feta cheese

Camp periods

Cost

Terms and conditions
Application for participation

Easter Camp Periods

April 2026

1st period

Holy Monday to Holy Thursday
(from April 6 to 9)

2nd period

Tuesday to Friday
(from April 14 to 17)

Cost per period

Cost for one child:

180 Euros per period, for participation in one or two periods

Cost for siblings:

170 Euros per period, for the second child and each additional one

The additional **cost for morning and/or afternoon care** is 20 Euros per period.

In the case of participation on **individual days** and not the entire period, the cost per day is 60 Euros per child.

All the above prices include VAT, accident insurance for each child, activity materials, as well as meals, regardless of whether the service is used.

Early bird discount:

160 Euros per period for each child, with payment for the selected periods to be made by March 15, 2025. This specific discount cannot be combined with other discounts.
